

Marking People?

Sat. July 25, 2009 1:30pm

This will be our third meeting. Our MacGen group started in April, showing Reunion's strength, making charts. In June we reviewed Reunion for the iPhone and Timeline Charts. In June, the decision was made to become a permanent group, meeting on the fourth Saturday, at 1:30 p.m.

On July 25th we will discuss how to organize your Genealogy Files in Mac folders. Prepare to actually organize yourself and be able to retrieve files in a blink. The Reunion topic is "How to Mark people in Reunion". There are many reasons a subset of your database needs to be selected: Producing Charts, Reports, Gedcom files, cleaning out your your Databases and more. We will explain exactly how to do it.

MacGen has no connection to Leister Productions, the Church of Latter Day Saints or Apple Inc. It just wants to discover and discuss genealogy techniques of one of the best computing platforms and genealogy software programs in the business.

... Bill George

Reunion is currently on version 9.09 (required for use with the iPhone).

*LDS Regional Family History Center
4766 Lincoln Ave., Oakland 94602*

Where/When

1:30pm 4766 Lincoln Ave.

- Shortcut Keys

OAKLAND LDS REGIONAL FAMILY HISTORY CENTER

The Oakland LDS Regional Family History Center is willing to let us to use their well equipped conference room to conduct genealogy-related meetings. With room for 50, a lectern, an overhead computer projector and wireless internet access, this room is excellent for specialty group meetings.

Come early to the FHC to do research then stay for the afternoon meeting. Their library has an excellent selection of genealogical books, maps, periodicals, microfilm and microfiche. FHC's volunteer staff is available to offer advice about your research.
