

Slide Shows

Sat. Mar. 27, 2010 1:30pm

The topic of our Saturday, March, 27 2010 General meeting is **Family History Slide Shows**. The presenter is **Rich Peterson**, one of the leaders of our MacGen group. He uses the Mac's iPhoto and his own favorite program to produce outstanding Family History Slide Shows.

We will also have our 2nd Wednesday Workshop, on **March 10th** to follow up on previous presentations and general Q and A.

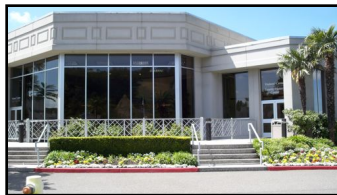

MacGen has no connection to Leister Productions, the Church of Latter Day Saints or Apple Inc. We

want to discover genealogy techniques on one of the best computing platforms and genealogy software programs in the business.

Please come early and do some genealogy research at the Regional Family History Center in Oakland.

Have you checked out the FamilySearch.Org web site lately? Their Advanced Search and Record Search Pilot tools are terrific. A complete review of their web site should be on your to-do list. Also check out their local Oakland web site: <http://www.oaklandfhc.org>.
